

Mat-Su Valley Donation Locations

This is a list of organizations that accepts donations of sell-able items.

Your sell-able donations give them the ability to serve residents of the Mat-Su Valley. However, due to limited funds they need your help to reduce their monthly garbage bill.

Non-sell-able means:

- Any clothing donations with stains, burns, tears, animal hair, broken zippers or buttons missing.
- Any donation that require repairs.
- Any Non-Clothing donation that is damaged, burns, torn, stained or has animal hair.
- Any donation we cannot sell due to size or liability. (i.e. TVs over 32")
- Their garbage bill is comprised almost entirely from non-sell-able items; and redirects staff hours from processing donations to fund programs.

Clothing that is not sellable can be given to Newborns In Need (see on last page) for them to make items with the useable material.
